For added context, this builds on the conversation [Redacted] were having in our recent DM liaison meeting, re meeting between all parties to discuss growth and the challenges affecting the Whitlingham catchment in terms of wastewater treatment. [Redacted] indicated that AWS would welcome the opportunity to discuss between parties the current situation, and also any next steps from a strategic perspective. We briefly mentioned the concept of a Joint Position Statement, which may be something worth exploring in some form similar to other WRC/catchment areas faced with challenges. [Redacted]

[Redacted] but it would be really beneficial to include South Norfolk & Broadland colleagues into any discussion, as they too are impacted by the catchment. [Redacted]
